Index to Volume 40

Author Index

ANDERSON, DONALD W.
Spirulina as a Pigment and Protein Source for Poultry, (abstract) 111–112

BAILEY-BROCK, JULIE H.
see Paxton and Bailey-Brock
BELL, JANICE L.
Growth in Gastropod Larvae: Benefits of a Natural Diet, (abstract) 112
BRUEGMAN, MARIE M.
Plant and Soil Water Status in *Marsilea villosa*, (abstract) 113

CHESS, JAMES R.
see Hobson and Chess
CHINN, ROBERT
Microbiological Quality of Cistern Water Supplies in Tantalus Used for Drinking and Bathing, (abstract) 113–114
CROMBIE, RONALD I. and DAVID W. STEADMAN
Lizards of Rarotonga and Mangaia, Cook Island Group, Oceania, 44–57

DAVIS, DALE
Use of Infaunal Invertebrates in Assessing the Effects of the Sand Island Sewage Outfall on the Marine Environment, (abstract) 114

DEE, ANDY
Growth, Reproduction, and Diet of *Myripristis amaenua* at Johnston Atoll, (abstract) 115

ELIASSON, UNO H.
Amaranthus interruptus R. Br. on Jarvis Island in the Central Pacific, 106–110

GALLIEN, WM. BRAD
Comparison of Hydrodynamic Forces on Two Sympatric Sea Urchins: Implications of Morphology and Habitat, (abstract) 115–116

HILL, KEVIN T.
Age and Growth Estimation of the Pacific Blue Marlin, *Makaira nigricans* Lacepede, Using Otoliths, Vertebrae, and Dorsal and Anal Fin Spines, (abstract) 116–117
HOFFMAN, KAREN
Histological Evidence of Temporal Changes in the Ovaries of the Saddleback Wrasse *Thalassoma duperrey*, (abstract) 117–118
HOBSON, EDMUND S. and JAMES R. CHESS
Diel Movements of Resident and Transient Zooplankters Above Lagoon Reefs at Enewetak Atoll, Marshall Islands, 7–26
HOURIGAN, THOMAS F.
Butterflies and Butterflyfishes: Alternate routes to Dietary Specialization? (abstract) 118
HOWARD, JAMES
Salt Transport Mechanisms in Brush-border Membrane Vesicles of Tilapia Intestine, (abstract) 119
HOWERTON, ROBERT D.
Changes in Growth Rate of Tilapia, *Oreochromis mossambicus*, Following Treatment with the Hormones Triiodothryronine (T3) and Testosterone, (abstract) 119–120
HUNTER, CYNTHIA L.
Assessment of Genetic Diversity and Population Structure of the Reef Coral *Porites compressa* (Cnidaria, Scleractina), (abstract) 120
HURLBUT, CATE
Settlement Versus Recruitment in Sessile Marine Invertebrates, (abstract) 121

IRONS, DARBY
Feeding Behavior of the Butterflyfish, *Chaetodon trifascialis*, at Johnston Atoll, (abstract) 121

KATAYAMA, AKIKO
Dynamics of Hair Cell Production and Differentiation in the Inner Ear: DNA Labeling in the Embryonic Cochlea, (abstract) 122
KITALONG, ANN
Microfauna Associated with Three Species of Coral and their Accessibility to a Reef Community, (abstract) 122–123
KLING, CAROL J.
Recovery and Identification of Vibrio Bacteria from Commercial and Indigenous Oysters Placed in a Sewage-Polluted Estuary in Hawaii, (abstract) 123–124
KOHL, KEITH JEFFREY
Allelopathy in Purple Nutsedge (*Cyperus rotundus* L.), (abstract) 124

LI, DANETT DEE
Ventilation Rate as an Alternative Method of Measuring Metabolic Rate in *Macrobrachium rosenbergii*, (abstract) 125
LOWRY, PORTER P., II
Synopis of Native Hawaiian Araliaceae, 79–87

MADENJIAN, CHUCK
Modeling Nighttime Dissolved Oxygen Dynamics in Prawn Ponds of Hawaii, (abstract) 125–126
MCDERMID, KARLA J.
Spore Trek: Exploration of the Next Algal Generation, (abstract) 126

PAXTON, HANNELORE and JULIE H. BAILEY-BROCK
Diopatra dexiognatha, a New Species of Onuphidae (Polychaeta) from Oahu, Hawaiian Islands, 1–6

RESHKIN, STEPHAN J.
Basolateral Glucose Transport in the Intestine of the Tilapia *Oreochromis mossambicus*, (abstract) 126–127
RINGWOOD, AMY HUFFMAN
Effects of Cadmium Exposures on the Immediate and Long-Term Growth Responses of Larvae of a Hawaiian Bivalve, *Isognomon californicum*, (abstract) 127

SCHROEDER, ROBERT E.
Effects of Patch Reef Size and Isolation on Coral Reef Fish Recruitment, (abstract) 127–128
SMITH, CAROL J.
Evidence of Steriodogenesis in Postovulatory Follicles of the Tilapia *Oreochromis mossambicus*, (abstract) 128
· ADMAN, DAVID W.
Two New Species of Rails (Aves: Rallidae) from Mangaia, Southern Cook Islands, 27–43
see also Crombie and Steadman
ONER, DOUGLAS S.
Dispersal, Settlement, and Survivorship of the Larvae of a Colonial Ascidian as Observed in the Field Using SCUBA, (abstract) 129
IN, WHIDER
Influence of Previous Crop and Inoculation with a Vesicular-Arbuscular Mycorrhizal Fungus on Mycorrhizal Infection and Growth of Sweet Potato, (abstract) 129–130

TSUJI, ROBERT THOMAS
Orientation of Purified Basolateral Membrane Vesicles from Lobster Hepatopancreas Using Na^+, K^+ –ATPase, (abstract) 130–131

WEBSTER, GRADY L.
Revision of *Phyllanthus* (Euphorbiaceae) in Eastern Melanesia, 88–105
WHITE, T. C. R.
Weather, *Eucalyptus* Dieback in New England, and a General Hypothesis of the Cause of Dieback, 58–78
WISOTZKET, ROBERT G.
Sperm Predominance in Hawaiian Drosophila, (abstract) 131–132

ZACARIAS, DONIS T.
Determination of the Relationship Between Larval and Juvenile Growth in *Macrobrachium rosenbergii* Using Genetically Marked Stock, (abstract) 132

Subject Index

Allelopathy in purple nutsedge (*Cyperus rotundus* L.), (abstract) 124
Anthozoa
  assessment of genetic diversity and population structure of the reef coral *Porites compressa* (Cnidaria, Scleractina), (abstract) 120
  microfauna associated with three species of coral and their accessibility to a reef community, (abstract) 122–123
Ascidiacea
  dispersal, settlement, and survivorship of the larvae of a colonial ascidian as observed in the field using SCUBA, (abstract) 129
  settlement versus recruitment in sessile marine invertebrates, (abstract) 121
Aves
  two new species of rails (Aves: Rallidae) from Mangaia, Southern Cook Islands, 27–43

Bacteria from commercial and indigenous oysters placed in a sewage-polluted estuary in Hawaii, recovery and identification of vibrio, (abstract) 123–124
Bivalvia
  effects of cadmium exposures on the immediate and long-term growth responses of larvae of a Hawaiian bivalve, *Isognomon californicum*, (abstract) 127
  recovery and identification of vibrio bacteria from commercial and indigenous oysters placed in a sewage-polluted estuary in Hawaii, (abstract) 123–124
  settlement versus recruitment in sessile marine invertebrates, (abstract) 121

Cadmium exposures on the immediate and long-term growth responses of larvae of a Hawaiian bivalve, *Isognomon californicum*, effects of, (abstract) 127
Central Pacific Ocean
  Amaranthus interruptus R. Br. on Jarvis Island in the Central Pacific, 106–110
Cistern water supplies in Tantalus used for drinking and bathing, microbiological quality of, (abstract) 113–114
Cook Islands
  lizards of Rarotonga and Mangaia, Cook Island group, Oceania, 44–57
  two new species of rails (Aves: Rallidae) from Mangaia, Southern Cook Islands, 27–43
Crustacea
  determination of the relationship between larval and juvenile growth in *Macrobrachium rosenbergii* using genetically marked stock, (abstract) 132
  diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
  modeling nighttime dissolved oxygen dynamics in prawn ponds of Hawaii, (abstract) 125–126
  ventilation rate as an alternative method of measuring metabolic rate in *Macrobrachium rosenbergii*, (abstract) 125
Cyanophyceae
  spirulina as a pigment and protein source for poultry, (abstract) 111–112

Dieback, weather, *Eucalyptus* dieback in New England, and a general hypothesis of the cause of, 58–78
Diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
Diet, growth in gastropod larvae: benefits of a natural, (abstract) 112
Dietary specialization?, butterflies and butterflyfishes: alternate routes to, (abstract) 118
Diopatra dexiognatha sp. nov., 1–6
DNA labeling in the embryonic cochlea, dynamics of hair cell production and differentiation in the inner ear:, (abstract) 122

Echinodermata
  comparison of hydrodynamic forces on two sympatric sea urchins: implications of morphology and habitat, (abstract) 115–116
Enewetak Atoll
  see Marshall Islands
Enopla
  diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll. Marshall Islands, 7–26

Filicopsida
  plant and soil water status in *Marsilea villosa*, (abstract) 113

Gallirallus ripleyi sp. nov., 27–43
Gastropoda
  diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
  growth in gastropod larvae: benefits of a natural diet, (abstract) 112
Genetic diversity and population structure of the reef coral *Porites compressa* (Cnidaria, Scleractina), assessment of, (abstract) 120
Genetically marked stock, determination of the relationship between larval and juvenile growth in *Macrobrachium rosenbergii* using, (abstract) 132
Glucose transport in the intestine of the tilapia *Oreochromis mossambicus*, basolateral, (abstract) 126–127
Granuloreticulosa
  diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
Gymnolaemata
  settlement versus recruitment in sessile marine invertebrates, (abstract) 121

Hair cell production and differentiation in the inner ear, dynamics of: DNA labeling in the embryonic cochlea, (abstract) 122
Hawaiian Islands
  age and growth estimation of the Pacific blue marlin, *Makaira nigricans* Lacepede, using otoliths, vertebrae, and dorsal and anal fin spines, (abstract) 116–117
  Diopatra dexiognatha, a new species of Onuphidae (Polychaeta) from Oahu, Hawaiian Islands, 1–6

microbiological quality of cistern water supplies in Tantalus used for drinking and bathing, (abstract) 113–114
modeling nighttime dissolved oxygen dynamics in prawn ponds of Hawaii, (abstract) 125–126
recovery and identification of vibrio bacteria from commercial and indigenous oysters placed in a sewage-polluted estuary in Hawaii, (abstract) 123–124
spore trek: exploration of the next algal generation, (abstract) 126
synopis of native Hawaiian Araliaceae, 79–87
use of infaunal invertebrates in assessing the effects of the Sand Island sewage outfall on the marine environment, (abstract) 114
Hawaiian Islands, Northwestern
effects of patch reef size and isolation on coral reef fish recruitment, (abstract) 127–128
Hormones triiodothryronine (T3) and testosterone, changes in growth rate of tilapia, *Oreochromis mossambicus*, following treatment with the, (abstract) 119–120
Hydrodynamic forces on two sympatric sea urchins: implications of morphology and habitat, comparison of, (abstract) 115–116
Hydrozoa
diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26

Indo-Pacific Ocean
feeding behavior of the butterflyfish, *Chaetodon trifascialis*, at Johnston Atoll, (abstract) 121
growth, reproduction, and diet of *Myripristis amaenua* at Johnston Atoll, (abstract) 115
Infaunal invertebrates in assessing the effects of the Sand Island sewage outfall on the marine environment, use of, (abstract) 114
Insecta
diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
sperm predominance in Hawaiian drosophila, (abstract) 131–132

Jarvis Island
see Central Pacific Ocean
Johnston Atoll
see Indo-Pacific Ocean

Key
revision of *Phyllanthus* (Euphorbiaceae) in Eastern Melanesia, 88–105
synopsis of native Hawaiian Araliaceae, 79–87

Liliopsida
allelopathy in purple nutsedge (*Cyperus rotundus* L.), (abstract) 124

Magnoliopsida
Amaranthus interruptus R. Br. on Jarvis Island in the Central Pacific, 106–110
influence of previous crop and inoculation with a vesicular-arbuscular mycorrhizal fungus on mycorrhizal infection and growth of sweet potato, (abstract) 129–130
revision of *Phyllanthus* (Euphorbiaceae) in Eastern Melanesia, 88–105
synopsis of native Hawaiian Araliaceae, 79–87
weather, *Eucalyptus* dieback in New England, and a general hypothesis of the cause of dieback, 58–78
Mangaia
see Cook Islands
Marshall Islands
diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
Melanesia
revision of *Phyllanthus* (Euphorbiaceae) in Eastern Melanesia, 88–105
Metabolic rate in *Macrobrachium rosenbergii*, ventilation rate as an alternative method of measuring, (abstract) 125
Midway Island
see Hawaiian Islands, Northwestern
Modeling nighttime dissolved oxygen dynamics in prawn ponds of Hawaii, (abstract) 125–126

New England
weather, *Eucalyptus* dieback in New England, and a general hypothesis of the cause of dieback, 58–78
New Species
Diopatra dexiognatha (Polychaeta), 1–6
Gallirallus ripleyi (Aves), 27–43
Phyllanthus amicorum (Magnoliopsida), 88–105
Phyllanthus smithianus (Magnoliopsida), 88–105
Porzana rua (Aves), 27–43

Orientation of purified basolateral membrane vesicles from lobster hepatopancreas using Na^+, K^+-ATPase, (abstract) 130–131
Oxygen dynamics in prawn ponds of Hawaii, modeling nighttime dissolved, (abstract) 125–126

Phyllanthus amicorum sp. nov., 88–105
Phyllanthus smithianus sp. nov., 88–105
Pigment and protein source for poultry, spirulina as a, (abstract) 111–112
Pisces
age and growth estimation of the Pacific blue marlin, *Makaira nigricans* Lacepede, using otoliths, vertebrae, and dorsal and anal fin spines, (abstract) 116–117
basolateral glucose transport in the intestine of the tilapia *Oreochromis mossambicus*, (abstract) 126–127
butterflies and butterfiyfishes: alternate routes to dietary specialization? (abstract) 118
changes in growth rate of tilapia, *Oreochromis mossambicus*, following treatment with the hormones triiodothryronine (T3) and testosterone, (abstract) 119–120
effects of patch reef size and isolation on coral reef fish recruitment, (abstract) 127–128

evidence of steriodogenesis in postovulatory follicles of the tilapia *Oreochromis mossambicus*, (abstract) 128
feeding behavior of the butterflyfish, *Chaetodon trifascialis*, at Johnston Atoll, (abstract) 121
growth, reproduction, and diet of *Myripristis amaenua* at Johnston Atoll, (abstract) 115
histological evidence of temporal changes in the ovaries of the saddleback wrasse *Thalassoma duperrey*, (abstract) 117–118
salt transport mechanisms in brush-border membrane vesicles of tilapia intestine, (abstract) 119
Polychaeta
diel movements of resident and transient zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, 7–26
Diopatra dexiognatha, a new species of Unuphidae (Polychaeta) from Oahu, Hawaiian Islands, 1–6
Porzana rua sp. nov., 27–43
Protein source for poultry, spirulina as a pigment and, (abstract) 111–112

Rarotonga
see Cook Islands
Reefs at Enewetak Atoll, Marshall Islands, diel movements of resident and transient zooplankters above lagoon, 7–26
Reptilia
lizards of Rarotonga and Mangaia, Cook Island group, Oceania, 44–57
Rhodaphyceae
spore trek: exploration of the next algal generation, (abstract) 126

Salt transport mechanisms in brush-border membrane vesicles of tilapia intestine, (abstract) 119
Sewage outfall on the marine environment, use of infaunal invertebrates in assessing the effects of the Sand Islands, (abstract) 114
Sewage-polluted estuary in Hawaii, recovery and identification of vibrio bacteria from commercial and indigenous oysters placed in a, (abstract) 123–124
Steriodogenesis in postovulatory follicles of the tilapia *Oreochromis mossambicus*, evidence of, (abstract) 128

Tester Memorial Symposium, eleventh annual Albert L., abstracts of papers, 111–132

Water supplies in Tantalus used for drinking and bathing, microbiological quality of cistern, (abstract) 113–114
Weather, *Eucalyptus* dieback in New England, and a general hypothesis of the cause of dieback, 58–78

Zooplankters above lagoon reefs at Enewetak Atoll, Marshall Islands, diel movements of resident and transient, 7–26
Zygomycetes
influence of previous crop and inoculation with a vesicular-arbuscular mycorrhizal fungus on mycorrhizal infection and growth of sweet potato, (abstract) 129–130
